

Part	Model	Cruise 2.0	vat inc €
1205-00	Cruise 2.0 S	High-efficiency and extremely powerful 24 V motor, thrust comparable to 6 hp gas outboard, incl. 3 m cable set, 25 mm2, with fuse and main switch, <b>tiller</b> operated, <b>short shaft</b> version	<b>2299</b>
1206-00	Cruise 2.0 L	High-efficiency and extremely powerful 24 V motor, thrust comparable to 6 hp gas outboard, incl. 3 m cable set, 25 mm2, with fuse and main switch, <b>tiller</b> operated, <b>long shaft</b> version	<b>2349</b>
1204-00	Cable set extension Cruise models	Extension for Cruise cable set, 2 m long, with high-current plugs	<b>119</b>
1902-00	Electronic remote throttle control LT	Remote-control switch for Cruise 2.0, for <b>left</b> or top assembly, pre-wired incl. 6 m control cable	<b>249</b>
1903-00	Electronic remote throttle control RT	Remote-control switch for Cruise 2.0, for <b>right</b> or top assembly, pre-wired incl. 6 m control cable	<b>249</b>
1904-00	Assembly plate for double electronic throttle control	For easy assembly of a double remote throttle control, controlling two motors simultaneously	<b>39</b>
1901-00	Replacement propeller	Variable-Pitch-Variable-Camber (VPVC) Propeller, developed especially for the torque characteristic and performance range of Torqueedo-motors	<b>89</b>
1915-00	Replacement propeller	Spare propeller for Cruise R, Cruise tiller with serial nr. >5,000	<b>99</b>
1906-00	Tiller extension	Longer tiller handle, 60 cm long, suitable for use on Cruise tiller models	<b>49</b>
Part	Model	Cruise 2R / 4R	
1209-00	Cruise 2.0 RS	High-efficiency and extremely powerful <b>24 V</b> motor, thrust comparable to 6 hp gas outboard, incl. remote throttle control, magnetic on/off key, GPS-based range calculation, information display, 3 m cable set, 25 mm2, with fuse, main switch and link arm to connect to standard steering system, <b>short shaft</b>	<b>2899</b>
1210-00	Cruise 2.0 RL	High-efficiency and extremely powerful <b>24 V</b> motor, thrust comparable to 6 hp gas outboard, incl. remote throttle control, magnetic on/off key, GPS-based range calculation, information display, 3 m cable set, 25 mm2, with fuse, main switch and link arm to connect to standard steering system, <b>long shaft</b>	<b>2949</b>
1211-00	Cruise 4.0 RS	High-efficiency and extremely powerful 48 V motor, thrust comparable to 9.9 hp gas outboard, incl. remote throttle control, magnetic on/off key, GPS-based range calculation, information display, 3 m cable set, 25 mm2, with fuse, main switch and link arm to connect to standard steering system, <b>short shaft</b>	<b>3299</b>
1212-00	Cruise 4.0 RL	High-efficiency and extremely powerful 48 V motor, thrust comparable to 9.9 hp gas outboard, incl. remote throttle control, magnetic on/off key, GPS-based range calculation, information display, 3 m cable set, 25 mm2, with fuse, main switch and link arm to connect to standard steering system, <b>long shaft</b>	<b>3349</b>
Part	Modèle	Twin Cruise 2R / 4R and accessories	
1217-00	Twin adapter	Contro kit for Twin Cruise R	<b>699</b>
1204-00	Cable set extension Cruise models	Extension for Cruise cable set, 2 m long, with high-current plugs	<b>119</b>
1915-00	Replacement propeller	Spare propeller for Cruise R, Cruise tiller with serial nr. >5,000	<b>89</b>
1916-00	High speed propeller	Highspeed propeller for Cruise R, Cruise tiller serial nr. >5,000	<b>499</b>
